WHAT ARE THE RISKS OF INVESTING?

Risk indicator for PG Global Alternatives Fund

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down. A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at [www.sorted.org.nz/tools/investor-profiler/](http://www.sorted.org.nz/tools/investor-profiler/).

Note that even the lowest category does not mean a risk-free investment, and there are other risks that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for 5 years to 30 September 2025 (using market index returns prior to fund inception, in August 2025, and the fund's actual returns since then). As a result of those returns being used, the risk indicator may provide a less reliable indicator of the potential volatility of the fund. As a result of those returns being used, the risk indicator may provide a less reliable indicator of the potential volatility of the fund. While risk indicators are usually relatively stable, they do shift from time to time. The risk indicator will continue to be updated in future fund updates.

See the Product Disclosure Statement (PDS) for more information about the risks associated with investing in this fund.

## WHAT FEES ARE INVESTORS CHARGED?

Investors in the Fund pay fund charges. The estimated fund charges are:

		% OF NET ASSET VALUE
<b>Total fund charges</b>		<b>1.67%</b>
Which are made up of:		
<b>Total management and administration charges</b>		<b>1.40%</b>
	Including:	
	Manager's basic fee	1.40%
	Other management and administration charges	0.00%
<b>Total performance based fees</b>		<b>0.27%</b>

See the PDS for more information about the basis on which performance fees are charged.

Investors are not currently charged individual action fees for specific actions or decisions (for example, withdrawing from or switching funds). See the PDS for more information about fees.

Small differences in fees and charges can have a big impact on your investment over the long term.

## EXAMPLE OF HOW THIS APPLIES TO AN INVESTOR

Tim had \$10,000 in the fund at the end of September 2025 and did not make any further contributions. At the end start of September 2025, Tim received a return after fund charges were deducted of \$301 (that is 3.01% of his initial \$10,000). Tim did not have to pay other charges. This gives Tim a total return after tax of \$294 for the year.
