Fund Description

The fund aims to deliver attractive long-term returns by investing in a diversified portfolio of global alternative strategies through managed funds. These may include long/short strategies, event-driven approaches, futures strategies, and market-neutral style premia strategies. The fund is designed to complement traditional equity and bond holdings by providing exposure to differentiated sources of return, with an emphasis on capital growth, diversification, and strong risk-adjusted outcomes.

Investment Strategy

The fund follows an active, multi-asset strategy, targeting a carefully selected group of global alternative investments. It invests through external fund managers who align closely with the fund's objectives, possess specialist expertise, and follow a disciplined investment process. Managers are chosen based on thorough due diligence, including their track record, investment philosophy, risk management practices, and structural alignment with investors.
